

Lights

Seven Stages of Action

XD <https://xd.adobe.com/view/c3954ab4-8a62-40fd-84b5-c0e2ef630822-96c6/>

Summary

- App for turning your home's lights off
- Home screen
 - All added lights
 - Add light button
 - Settings (location settings, notifications, theme?)
- Each light
 - ON/OFF (shows how long the light's been on)
 - Feature: show how much co2 emission for that light? An eco friendly twist
 - Edit name/icon
 - Turn off in/at a time
 - Auto turn off when not home (turn off location tracking in settings)
